

# label away

by NOOP'S COUP®

## BENEFITS:

- Softens adhesives from most surfaces for easy removal
- Faster, easier, less labor
- Heavy duty industrial strength
- User friendly
- Saves on water
- Use less equipment

**PRODUCT DESCRIPTION:** LABEL AWAY by NOOP'S COUP® is user friendly. Product works its way beneath the label, making it easier to remove it from both porous and smooth surfaces.

**RECOMMENDED APPLICATION:** LABEL AWAY by NOOP'S COUP® can be brushed or sprayed directly on the label. Wait 1-2 minutes for chemical to work and test. Wet down again and use a plastic scraper, to remove. (Do not use a metal scraper because it will scratch the surface.) Wipe off with a scotch pad or fine steel wool. Wet a cloth with water to wash off. Plastic or vinyl labels are more difficult to remove. Spray or brush chemical directly onto the label. Wait 1-2 minutes. Try to lift an edge, score or rough up the label to help the chemical get under it for best results. Once the chemical does the work, go back to the original instructions.
